A summary of data presented in the July 30, 2010 editions of our "CITY SALES REPORTS".
Drilling location counts represent active rigs and rigs waiting to spud on location.

NEW REPORT!

UNCONVENTIONAL DRILLING REPORT

**Get all the details you've been looking
for on unconventional drilling**

What you'll find in every report:

- Rig counts for all of the activity in all of the key unconventional plays
- Core/noncore and state-by-state breakdowns for all the major shales
- Oil vs. gas footage splits for each of the major shales and tight sands plays, highlighting activity in liquids-rich areas
- County-by-county tracking of unconventional drilling permits, rigs, footage, well class, etc.
- Our unique Rig Matrix, which tracks unconventional drilling activity by horsepower class in each county of each play
- Analysis of unconventional drilling activity trends
- And so much more!

Covering all of the key Unconventional Plays:

THE OIL AND GAS SHALES:

Barnett, Eagle Ford,
Fayetteville, Haynesville,
Marcellus, Bakken
and Woodford

THE MAJOR TIGHT SANDS AREAS:

DJ Basin,
Greater Green River Basin,
Piceance Basin
and Uinta Basin

ALL THREE KEY CBM AREAS:

San Juan,
Powder River
and Appalachian
